CITY OF ST. LOUIS.

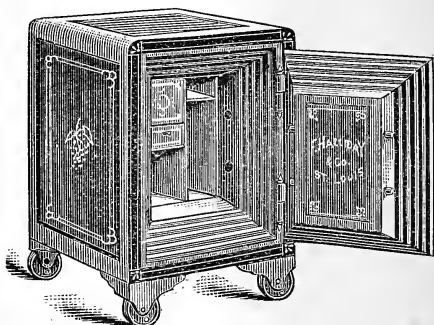

The City of St. Louis, is the fifth City of the Union, and had in 1880 when the census was taken a population of 350,518, it is estimated that the city has now a population of at least half a million. It was established as a trading post and named St. Louis, by Pierre Laclede Liguist, in February 1764, and was for many years the headquarters for the fur trade. On November 9th, 1809, St. Louis was incorporated as a town, having then a population of about 1400, and on December 9th, 1822 it was incorporated as a City.

This most exquisite Toilet Preparation, the virtues of which have caused it to be in demand in all civilized countries, stands pre-eminent for producing a

SOFT AND BEAUTIFUL SKIN.

It is acknowledged by thousands of ladies, who have used it daily for many years, to be the only preparation that does not roughen the skin, burn, chap, or leave black spots in the pores, or produce other discoloration. All conclude by saying:

"It is the best preparation for the skin I ever used."

"It is the only article I can use without making my skin smart and rough."

"After having tried every article, I consider your **Medicated Complexion Powder** the best preparation I ever used, and I cannot do without it."

The Exposition and Music Hall.

—o—

This magnificent building costing \$750,000, is situated on Olive Street, between 13th and 14th Streets, on the ground formerly known as Missouri Park. The Blue cars of the Union Depot Line run within two blocks, either from its terminus at 4th and Pine Streets, or the Union Depot; also the cars on Olive Street, 14th Street and Washington Avenue pass the building. Its entire length is 443 feet 8¼ inches, by a frontage on Olive Street of 336 feet. In the basement is located the machinery department, the main floor and galleries for a general display of exhibits, the whole area thus occupied covers a space of six and one-half acres.

dious room in the Masonic Building. Its membership is 169, among whom, are the principal builders and manufacturers of building materials in the city. None but members and non-residents are admitted to the Exchange Rooms; visitors properly introduced, are welcome.

St. Louis Cotton Exchange.

This Exchange is located at the corner of Main and Walnut Streets. The Cotton Association was organized in October 1873, and the St. Louis Cotton Exchange incorporated July, 14th, 1874. The building is of brick and cost \$150,000. The Exchange Hall is 75x50 feet, and 35 feet high and its whole arrangement is commodious. The membership of the Exchange is between 300 and 400. Strangers properly introduced will be admitted.

St. Louis Real Estate & Stock Exchange.

This Exchange is located in a large and convenient room at numbers 16 and 17 North Seventh Street. It was established in April 1877, and incorporated January 1882. Lists of property for rent and for sale are here displayed for the convenience of the Public.

St. Louis Water Works.

These works were the first on a large scale in America, that were built with settling basins—into which water is pumped by two High Service Engines, having a daily capacity of 41,500,000 gallons; it is then allowed to stand from 18 to 20 hours before it is again pumped to the Reservoir, at Compton Hill, which has a capacity of 60,000,000

gallons and an elevation of water line 176 feet above the city directrix. The Reservoir is surrounded by a very pleasant little Park, offering a drive of about half a mile, and from the top of the embankment a fine view of the surrounding country may be had. The Peoples line passes the Reservoir. A visit to the water works is interesting, no permit is required; the Broadway Line passes within half a block.

WATER PIPE.

—o—

The city has laid and has now in service 256,849 miles of water pipe and 2,459 fire plugs.

St. Louis and Illinois Bridge.

—o—

The first movement to organize a Company to Bridge the Mississippi at St. Louis was made in 1839, but the estimated cost was so great it was abandoned, subsequently several attempts were made to induce capitalists to invest in the enterprise but they resulted only in failures until 1864—when on the 5th day of February the Legislature of Missouri granted a charter to the St. Louis and Illinois Bridge Company, and in February 1865 the Illinois Legislature granted a supplementary charter; in July 1866 Congress passed a bill, authorizing the construction of the Bridge and making it a post road. Work was commenced August 20th, 1867, and on February 25th, 1868 the corner stone of the Western abutment was laid with appropriate ceremonies. On July 4th, 1874 the Bridge was formally opened to the Public. The center span is 520 feet long and the East and West spans 502 feet each; the Bridge proper is 2,046 feet, the East and West approaches included make a total length of 6,220 feet. The center span being 55 feet above high water mark gives a clear passage for boats. The net cost of the Bridge is \$6,536,729.99. Gross amount 13,000,000.

UNION MARKET.

This Market is the great central supply depot for the city; it occupies the square between Fifth and Sixth Streets, Christy Avenue and Morgan Street. The down town terminus of all the street car lines are but a few blocks distant from it. The Market is well worth a visit, here can be seen a fine display of Flowers, Fruits, Vegetables, Game in season, Fish from the Ocean, River and Lake and Meat of the best quality in abundance.

Custom House and Post-Office.

This building occupies the whole square from Olive to Locust and Eighth and Ninth Streets. It was commenced in 1873 and finished on February 21st, 1884, it has a frontage on Olive and Locust Streets, of 237 feet by 182 feet on Eighth and Ninth Streets, and has cost the Government in round numbers, \$6,000,000. The sub-basement is used for the engines, pumps, &c., also heating apparatus which supplies steam sufficient to warm about three million cubic feet of space, the basement proper is used by the Post-Office, and for the reception of the R. R. mail, the first floor is entirely occupied by the Post-Office Department, the second floor by the Custom House, Internal Revenue and offices of the Sub-Treasury, the Steamboat, Light House and Post-Office Inspectors and the Pension Examiners, on the third floor are the U. S. Courts and Judges Private Offices, Grand and Petit Jury Rooms, U. S. Engineers and the Railway Mail Service. The dome is used by the U. S. Signal Service.

Permission to go to the dome can be had from the Assistant Custodian, and on a clear day the city and surrounding country can be distinctly seen.

THE Woman's Exchange,

—OF—

ST. LOUIS, - MO.

ORGANIZED, MAY 1883.

INCORPORATED, FEBRUARY 1884.

The object of this institution is to ameliorate the condition of needy women, by providing a market through which the products of their labors may be disposed. Nothing that woman can do to earn her living, from the easel to the cook-room, will be excluded from a place of deposit in the Woman's Exchange.

Any article of marketable value will be received from women whose object is self support—charging no commission to residents of Missouri.

We sell all kinds of Needle Work, Painting, Domestic Work, Etc., calling your attention especially to our Culinary Department, in which will be found, every variety of Choice Home Made Cake, Jellies, Pickles and Preserves, also Mince Meat and English Plum Puddings. We earnestly solicit patronage, money spent with us helps those who try to help themselves.
